Melody Villard - Director

Moffat County Tourism Association

1111 West Victory Way #117

Craig, CO 81625

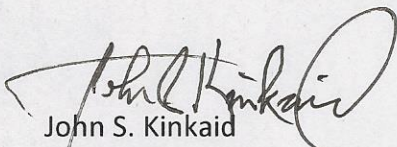

Dear Ms. Villard:

It is our pleasure to write a letter in support of the Yampa recreation expansion project proposed by the Moffat County Tourism Association and Robert Schenck, an active and engaged citizen.

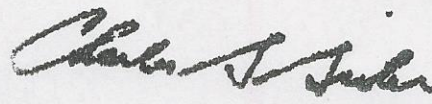

It is our belief that the opportunity to expand recreational use of the Yampa River through Craig will enhance our tourism and recreational opportunities for visitors and residents alike. We further support, through permissions on County owned lands, the visitor access to the Yampa River and project area through the areas known as Pebble Beach and Loudy-Simpson Park.

In conclusion, we fully support the efforts of the Moffat County Tourism Association and citizen Robert Schenck as they seek external funding to support the recreational expansion project designed to increase and enhance the experience of those using the Yampa River through Craig for its exceptional recreational potential.

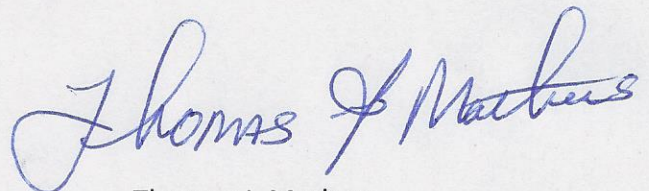

Sincerely,

John S. Kinkaid
District 1 Commissioner

Charles G. Grobe
District 2 Commissioner
